Content Outline: Letterboxd

WHY?

Letterboxd is an app that viewers/film lovers can use to interact with films. It's not just a database, but a social platform where users log films, write reviews, and build their film "database" through their taste.

1. Home Page: Introduction

- Large visual (film collage / poster-style images)
- Short intro (adapted from Wikipedia)
- Simple navigation

2. Platform Overview

- All the features letterboxd has
 - features like rating, watchlist, diaries etc.

3. Features & Experiences

- Discovering films
- Tracking history
- Building your personal taste profile
- Interacting with others on the app

4. Film Impact

- Role in modern film discussion and criticism
- Influence on how people engage with movies

5. My Letterboxd?

- Not a page but would be cool to put it in the navigation or something

6. Sources

- Any accreditation to sources I have used
